ELIO GHANTOUS

Project Architect

Project Architect combining design coordination, technical documentation and site delivery across Lebanon and the Gulf. Coordinates project teams and translates architectural intent into clear, buildable information.

EXPERIENCE

JT+Partners

Project Architect (3 years 5 months)

Dubai / Beirut | May 2023 - Present

- Coordinate architectural development and drawing deliverables for The Hub, integrating design-team and subconsultant inputs from concept stage, with responsibility for progressing the project through to tender.
- Developed architectural design and documentation for Qiddiya East Village, encompassing five-star and three-star hotels, special asset buildings and serviced apartments.
- Contributed to architectural design development and drawing packages for a residential building within Flora, a commercial and residential development.

Archico International

Design Architect (6 months)

Saudi Arabia | Oct 2022 - Apr 2023

- Prepared architectural concept designs for Etissam Hospital in Jeddah.
- Developed concept proposals for ANB Bank TeleMoney branches in Riyadh.
- Undertook interior design development for lobby, spa and gym facilities at Dr. Sulaiman Hospital.
- Conducted site supervision and follow-up, coordinating design information with construction requirements.

Archico Consultants

Architect (4 months)

Jdeideh, Lebanon | Jun 2022 - Oct 2022

- Prepared architectural concept designs for Nasseem Medical Center in Nigeria.
- Developed concept and schematic designs for residential buildings in Lagos.
- Contributed to design development for Dr. Sulaiman Al Habib Pharmacies in Saudi Arabia.
- Developed renovation and redesign proposals for an existing villa in Chekka, translating project requirements into architectural drawings.
